

**NOTICE
TO RESIDENTS**

LICENSING DEPARTMENT

Dear Valued Resident,

The Province is currently out of Face Value Documents stock. There is a challenge at Government Printers at National and it has affected the supply of these Documents to the Province.

The documents that were provided on the 27th June 2018 was not enough due to lack of supply.

The Province is busy addressing and sorting out this challenge with the Government Printers at National and Rustenburg Local Municipality is constantly engaging with Province to enquire on availability of stock.

Sincere apologies for this delay and inconvenience caused.

Your continued support is appreciated.

We will keep you updated.

Regards,

Municipal Manager

Ms N.S Sithole
